#### Qualifier Selection

- All players will compete in all rounds of Pentathlon, Biathlon, and Games. The scores will be calculated based on placements on the overall result of each event (Pentathlon, Biathlon and Games - Final Round included). After competing in these 3 classes, Top 20 players in the overall score in each height category will compete in the Final Round. Then, Top 3 players who meet all criteria of "Team Korea Application Requirement" with highest overall results including the Final Round in each height division will be qualified to play at WAO as Korean national players. Players who do not meet the criteria of "Team Korea Application Requirement" will be automatically excluded in the team selection. The national players can complete all four classes at WAO 2025 - Biathlon, Pentathlon, Games and Team event.
- In the event of a tie, the results from Biathlon Agility will decide the winner.
- There needs to be at least 4 teams in a height division to proceed a game.
- Players can choose to play at higher height division and if they win a place in the national team, they will have to play in the same height they win a place on. They will not be allowed to participate in a lower height division. Ex) a 250 dog can play for 300 and if they win, they will have to play at 300 at WAO 2025, not 250.
- Dog's height will be checked at the administration on the day of the event.
- The general game rules follow those of WAO. Please check our official website for WAO rulebook at <http://www.dong-sa.or.kr/board/read.jsp?id=53&code=notice&page=3>
