1.1.1 Qualifying mode

A handler is allowed to enter the tryouts with a maximum of three dogs but can only qualify with two dogs for the team. If he qualifies with all three dogs the team management and handler will decide which two dogs will be nominated for the team.

1.1.2 Qualification classes

The tryouts include 6 runs, two Agility, two Jumpings, one Snooker and one Gambler. Points will be given for runs with up to 5 faults (1 fault/refusal). This includes time faults as well.

Faults/refusals are scored with 5 seconds. In the snooker and Gambler points are given if at least half the points are achieved of the winner in each jumpheight. Points will be rounded down. For example, a winner gains in the snooker 51 points, then a minimum of 25 points in the snooker must be reached to get points for the qualification.

The dog with highest points in each jumpheight, in the overall results of the qualifying has a win on spot for the Biathlon and Pentathlon. The remaining spots will be assigned based on performance at tryouts and training. Medalwinners from year 2019, will have a win on spot in the discipline they have won the medal, but will run as a wildcard and NOT for the team Germany.

The distribution of points is as follows:

Place 1 – 15 points

Place 2 – 12 points

Place 3 – 10 points

Place 4 – 8 points

Place 5 – 6 points

Place 6 – 4 points
