

WAO Team Canada

Overview of the Team Selection Process 2023 to 2026.

To be eligible for Team Canada, the handler must have attended a minimum of 2 UKI Canadian Trials and 1 UKI Cup or Classic in Canada in the 12 months before the Canadian Open. The handler may volunteer or run a dog at the events. If the dog is under 2 an exception will be made. The team selection process is made with the assumption that events will be held as normal. Further selections

Team Canada will therefore have 3 dogs per height qualifying from the Canadian Open. The management team will then decide:

1. If additional individual events should be given to the 3 win-on dogs
2. If additional individual events should be given to any previous year's medallists
3. If more dogs should be selected for individual events
4. If any dogs should be selected for team events
5. To nominate traveling and non-traveling alternatives.

The following will serve as a guideline but may be altered by management in any given year

The next pentathlon spot will be offered to the runner-up of the Win-on Spot. Team runs will be selected from the top two pentathlon dogs, but may be adjusted based on how many events a dog is entered in, how dogs are running in team practice, and during the event.
