

# Swedish qualification rules

WAO 2023 

---

## General information

- **\*Date and venue to be confirmed\***
- The Swedish tryouts are open to anyone as long as you are a Swedish citizen or have permanent resident status.
- The Swedish tryouts are open to any dog over 18 months, meaning you can participate no matter what grade you compete in.
- A participant is one handler and one dog and they must be the same during all 6 runs. They must also be the same at the WAO event.
- All qualified handlers must decide whether to accept the spot or not on **\*date tbc when we know date for tryouts\***
- Everyone who accepts their spot must be prepared to pay for everything themselves, such as entry fee, clothes, travel expenses, hotel etc.
- Official team practice will happen on Tuesday 16th and Wednesday 17th May, therefore all team members must be able to be at site on Tuesday 16th May 2023.
- Team Sweden does not allow any kind of bad behavior such as bullying, mental abuse or physical abuse against other human beings. People that do anything above will be suspended from the tryouts or/and the WAO event.
- Team Sweden does not allow any kind of bad behavior against animals. People that do not treat their dog well will be suspended from the tryouts or/and the WAO event.

## Senior handlers

Team Sweden will send **3** participants per size category. The qualification for the Swedish WAO team will consist of two agility classes, two jumping classes, one snooker class and one gambler class. The qualification is based on a point system where all 6 runs count.

The **3** participants with the most points in total in each size category will be offered a spot on the Swedish WAO team. In case one of the top **3** chooses not to go, the spot will be offered to the 4th and so on. The **3** participants in each size category will represent Team Sweden in Pentathlon, Biathlon, Games and the Team event.

If any of the participants that has qualified for Team Sweden wishes not to attend in one of the events above, the next in line will be offered a spot in that event. If no one wants that spot the qualified participant must run in all the events at WAO or choose not to go at all. For example: One participant does not want to run in the Games event at WAO, the spot in Games will be offered to the 4th place and so on.

### **Junior handlers**

Team Sweden will send **1** junior handler per size category. The qualification for junior handlers will consist of two agility classes, two jumping classes, one snooker class and one gambler class. The qualification is based on a point system where all 6 runs count. The tryouts for juniors will be the same tryouts as for everyone else.

The junior handler with the most points in total in each size category will be offered a spot on the Swedish WAO team. In case the **best placed** junior handler chooses not to go, the spot will be offered to the 2nd best and so on. The participant in each size category will represent Team Sweden in Pentathlon, Biathlon, Games and the Junior Championship.

A junior handler may represent Team Sweden in the Team event if they have qualified for grade 3 when attending the tryouts.

If 2 junior handlers are placed top 4 at the tryouts, the best placed junior handler will be offered a senior spot and the second best junior handler will be offered a junior spot. Same rules apply if 3 or 4 junior handlers are placed top 4 at the tryouts. Junior handlers with a senior spot will still be able to compete in the Junior Championship.

Junior handlers must be born on or after 20th May 2004.

<b>POINTS</b>	<b>QUALIFYING</b>
<p>The points are given according to the following in the agility and jumping classes:</p> <ul style="list-style-type: none"> <li>- The winning participant gets 50 points.</li> <li>- Each second behind the winning dog is minus 10 points.</li> <li>- Each fault and refusal gives a time addition of 5 seconds.</li> <li>- The winning participant gets bonus points, based on the time difference to the second placed participant (Maximum 5 points).</li> <li>- A disqualified participant gets 0 points.</li> <li>- A participant that is more than 5 seconds slower than the winning participant gets 0 points.</li> </ul>	<p>The 3 participants with the highest total amount of points in each size category gets a spot on the WAO team 2023.</p> <p>The junior handler with the highest total amount of points in each size category gets a spot on the WAO team 2023.</p> <p>If two participants have the same total points, the participant with the most points in the agility class runs, counting towards total points, is placed best.</p> <p>If there still is a tie the jumping runs will be considered.</p>

<p>The points are given according to the following in games:</p> <ul style="list-style-type: none"> <li>- The participants will be awarded their points from each run (snooker + gambler), not by their place in the class.</li> </ul>	<p>If this still does not separate the participants the Team Manager will choose.</p> <p>If only one, or two, participants qualify in any specific size, the second and/or third team member will be decided, according to the rules above. For two participants with equal points, the decision is up to the Team Manager.</p>
--	---

### Example 1 - Clean runs

Placing	Faults	Time	Calculation	Points
Participant A	0	30 sec	50 points for winning + 1,55 bonus points as the time difference to the next participant is 1,55 sec.	51,55 points
Participant B	0	31,55 sec	Time deducted from the winning time = $31,55 - 30 = 1,55$ . This is multiplied by 10 = $1,55 * 10 = 15,5$ and THIS number is deducted from 50 points = $50 - 15,5 = 34,5$	34,5 points
Participant C	0	31,82 sec	Time deducted from the winning time = $31,82 - 30 = 1,82$ . This is multiplied by 10 = $1,82 * 10 = 18,2$ and THIS number is deducted from 50 points = $50 - 18,2 = 31,8$	31,8 points

### Example 2 - Each fault and refusal gives 5 seconds added time

Placing	Faults	Time	Calculation	Points
Participant A	0	30 sec	50 points for winning + 1,55	51,55 points

			bonus points as the time difference to the next participant is 1,55 sec.	
Participant B	One fault = 5 seconds added to the total time	$26,55+5=31,55$ sec	Time deducted from the winning time = $31,55-30 = 1,55$ . This is multiplied by 10 = $1,55*10 = 15,5$ and THIS number is deducted from 50 points = $50-15,5 = 34,5$	34,5 points
Participant C	0	31,82 sec	Time deducted from the winning time = $31,82-30 = 1,82$ . This is multiplied by 10 = $1,82*10 = 18,2$ and THIS number is deducted from 50 points = $50-18,2 = 31,8$	31,8 points
Participant D	One fault = 5 seconds added to the total time	$31,27+5=36,27$ sec	Time deducted from the winning time = $36,27-30 = 6,27$ . The time is more than 5 seconds slower than the winning dog = 0 points	0 points

### Example 3 - Points for GAMES

Placing	Snooker	Gambler	Calculation	Points
Participant A	51 points	41 points	$51+41=92$ points	92 points
Participant B	42 points	20 points	$41+20=62$ points	62 points
Participant C	30 points	10 points	$30+10=40$ points	40 points
