WAO Rules

Wildcard Entries

The WAO Organising Committee may select a maximum of 7 (seven) dogs per jump height (in addition to the returning WAO medal winners and international champions from the previous year, as described in section 1.5) to attend the event as individual competitors in two or three of the individual events, Pentathlon, Biathlon, and Games championships events. There will be a maximum of 5 (five) wildcards in each individual event per jump height.

There are NO restrictions or competition requirements on who applies for these positions. Therefore, any handler can apply but only partnerships the Wildcard Selection Committee believes could achieve success at the event will be offered a wildcard spot.

The 2022 WAO Gold, Silver, and Bronze medallists in each height of the Individual Agility Pentathlon, Agility Biathlon, and Agility Games events are automatically invited to the 2023 WAO to compete in the event for which they won a medal in 2022 (for example, the 2022 Agility Biathlon medallists are automatically invited to compete in the 2023 Agility Biathlon). Medal winners from 2022 will run as a wildcard in the relevant event(s) unless they also qualify for their country's 2023 WAO team. In the latter case, they will run as an additional entry for their country's team in the event for which the medal was earned. Therefore, that country will have an extra dog competing in that event. For example, if the 2022 Agility Biathlon 300 gold medallist is from the USA, Team USA will run 4 (four) dogs in the 300 jump height of the Agility Biathlon. Or, if the 2022 EO Large Dog winner is from Italy and he also qualifies for the WAO Italian Team, then Italy will run 4 (four) dogs in the 600 height division in the Agility Biathlon, Agility Pentathlon, and Agility Games.

If you are a competing member of a country's team with one dog, you cannot apply for a wildcard entry with another dog.

If you are offered a reserve/alternate spot on your country's team, you may apply as a wildcard entry. If, however, you apply as a wildcard and also accept the reserve spot, you are obligated to take the team spot if you are called in as a replacement. In that case, you cannot compete as a wildcard and any fees you have paid are forfeited. This does not apply if you do not accept the reserve spot on your team.

If you apply for your country's team with 2 (two) dogs and 1 (one) dog makes the team but 1 (one) dog does not, you cannot decline the team spot you earned to apply as a wildcard with another dog.

Handlers must complete the wildcard entry form and submit it to the WAO Organising Committee by the Wildcard entry deadline (see the website) in order to be considered for a wildcard spot.

Once a wildcard entry is accepted by the WAO Organising Committee, the handler has the right to join the country manager's Facebook page and attend the manager's meeting on Wednesday.

Wildcard competitors will run under the WAO flag and must wear a WAO uniform.
